INVITING PLAYERS AND COACHES TO JOIN ROSTER

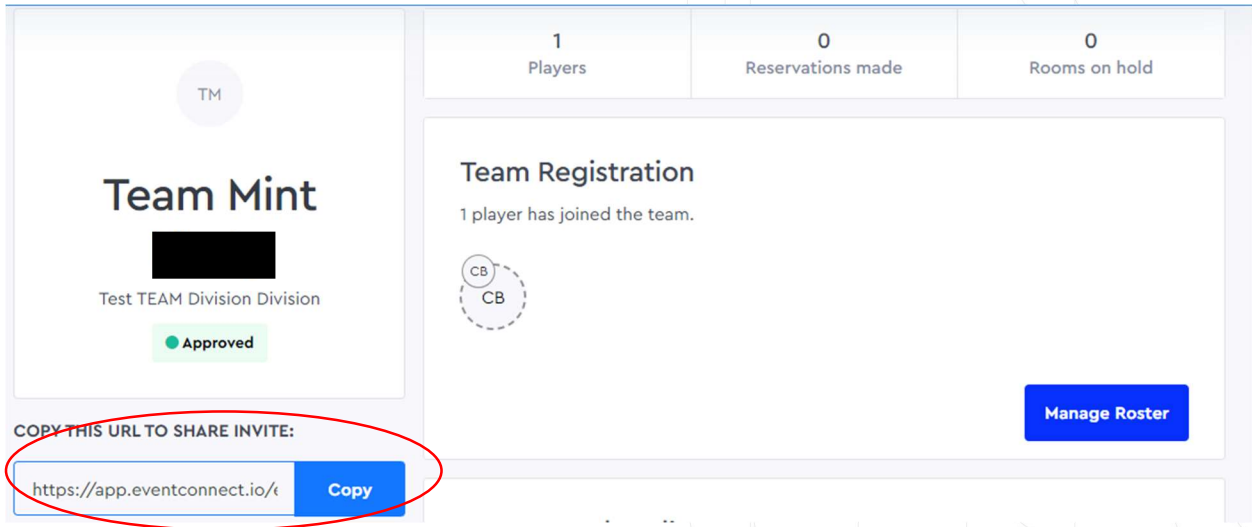

When you have navigated to your team dashboard you will be able to view your roster. As a team manager, you can share a link with your team so that they can join the roster independently.

Inviting Players

The following image is how your **Team Dashboard** will appear. You'll see a section that has the team players listed if there are any yet.

From here, you can select the **Copy** button to copy an **invite link** to share with your team so that they can join the roster. Players receiving the link will have their own simple registration process to complete which will include completing a player waiver and the ability to add-on any additional purchases (i.e. Athlete Combine, Skills Clinic, VIP Tickets, etc.)

Please note – the invite link only works for players; you will have to add coaches manually.
